

East of England

[The Ultimate Goal](#)

05/01/2012 17:00 - 17:30

Short description: "The Ultimate Goal" is a short, football-themed film highlighting the importance of pathology. This showing, open to all staff, is at Peterborough City Hospital, where the film was shot.

[Pathology: It's not all about dead bodies](#)

24/01/2012 20:00 - 21:00

Short description: Dr Suzy Lishman, Consultant Histopathologist and Old Girtonian (Med Sci 1986) will give a talk to Girton College Medical Society about careers in pathology

[A Day in the Life of a Histopathologist](#)

02/02/2012 19:00 - 20:00

Short description: A talk on 'A Day in the Life of a Histopathologist' covering cellular pathology methodology.

['The Ultimate Goal' Screening](#)

09/02/2012 12:30 - 13:00

Short description: A screening of "The Ultimate Goal". This is a short football-themed film highlighting the importance of Pathology services through the moving story of a young leukaemia patient.

[East of England Pathology Annual Meeting](#)

09/02/2012 13:15 - 16:45

Short description: Annual meeting for members of the Royal College of Pathologists in the East of England

[Pathology: A Case Presentation](#)

14/02/2012 13:00 - 14:00

Short description: An interactive case study presentation aimed at trainee biomedical and clinical scientists in all pathology disciplines.

[Royal College of Pathologists' Pathology Communication Prize](#)

22/02/2012 20:00 - 22:00

Short description: As part of the annual Hammond Science Communication Prize, Dr Suzy Lishman will be awarding a special prize of an RCPATH teddy bear to the student who best communicates about pathology.

["Things to avoid on holiday \(and at other times\)"](#)

28/02/2012 19:30 - 20:30

Short description: A presentation to the local GP Practice Patient Participation Group talking about the pathology of some adverse events that may occur on holiday (but also at home in some cases). The talk is informal and (I hope) interactive. It is aimed at the general public. Some of the GPs also often attend such meetings.

[Pathology Careers Day](#)

02/03/2012 09:00 - 16:00

Short description: Pathology workshop, running in conjunction with Parkside Federation Academies career event.

[Microbiology Workshop](#)

09/03/2012 13:00 - 16:00

Short description: This is an annual event. This year I presented "The Ultimate Goal" followed by a practical session.

[Pathology - Myths, Misconceptions and The Virtual Autopsy](#)

09/03/2012 14:00 - 16:00

Short description: This event consists of a short presentation about pathology disciplines addressing myths and misconceptions followed by an interactive session - this includes a live model and a virtual autopsy using a 'pig pluck' to demonstrate what real organs look like.

[The Mysteries of Microbes](#)

14/03/2012 11:15 - 12:25

Short description: As part of National Science Week, I will be taking a science lesson in a local school about microbiology. The event will evolve around 'Giant Microbes', a range of cuddly toys in the shape of common microbes!

[Norwich Pathology in Science Week](#)

17/03/2012 10:00 - 16:00

Short description: Talks and hands-on experience display in the Library.

[Mystery of Microbes](#)

20/03/2012 10:00 - 11:00

Short description: As a follow up to National Science Week, I will be taking two more science lessons in a local school about microbiology. The event will evolve around 'Giant Microbes'; a range of cuddly toys in the shape of common microbes.

[STEM \(Science, Technology, Engineering & Maths\) Festival](#)

26/03/2012 15:00 - 16:30

Short description: The Pathology Education Film 'The Ultimate Goal' will be screened to the students. This will be followed by informal discussions about Pathology and careers in Pathology

[Pathology Q & A for General Practice](#)

28/03/2012 20:00 - 22:00

Short description: Meeting with GP's with quiz, practical skin 'cut up' and Q & A session

[A History of Pathology in Ten Objects](#)

 15/06/2012 13:00 - 14:00

Short description: Hear about the top ten discoveries in the history of pathology and have a chance to vote for the most significant.

 [Pathology open evening](#)

Short description: An open evening where you can view our new state of the art HaemoChemistry & Transfusion lab and our Immune Sciences, Microbiology and Cell Path labs.
