

## North of England

### [Careers Convention](#)

23/02/2012 14:00 - 20:30

Short description: A careers convention for students from the local area. Pathology will be represented by a stand containing information on careers in pathology and medicine.

### [Careers in Pathology Talk](#)

24/04/2012 12:00 - 13:00

Short description: Careers talk to students on Biomedical Sciences related Courses

### [Careers in Pathology Talk](#)

27/04/2012 11:50 - 13:00

Short description: Talk describing what is pathology and the related career opportunities

### [Café Pathologique: Foreign Bodies and the Body Beautiful](#)

03/05/2012 13:30 - 14:30

Short description: Café Pathologique is a new idea based around the Café Scientifique model of largely informal meetings in a relaxed environment for anyone who is interested in Pathology. For our inaugural meeting we are having a discussion about the impact of artificial implants in people, that have been in the news recently, namely the problems recently highlighted about metal hips replacements and silicone breast implants.

### [Life Pathology: An Exhibition](#)

11/06/2012 09:00 - 17:00

Short description: Our exhibition aims to strike a balance between science and art by displaying scientifically accurate scanned microscopic images in an artistic style to make them pleasing to the eye. As in normal art galleries the images will be accompanied by a short explanatory text, highlighting features of the image and describing the scientific applications. Please join us in the main foyer of the Royal Liverpool University Hospital to learn more.

### [National Pathology Year Display](#)

15/06/2012 10:00 - 17:00

Short description: Display stands to be unmanned in the main entrance of the hospital with varying displays of Pathology related information. Actual displays as yet to be decided

### [Pathology Medicine for Members Event](#)

21/06/2012 12:00 - 14:00

Short description: This event will comprise display stands for each pathology discipline with a quiz and presentations from each discipline.

### [Pathology - What's it all about?](#)

27/06/2012 14:30 - 16:30

Short description: Interactive presentations from all disciplines within pathology for sixth form students considering their career paths
